Subject: Application for the Position of Lecturer in the Computer Science & Engineering Department

Dear Sir,

I am writing to express my interest in the Lecturer position in the Department of Computer Science and Engineering at The Millennium University. I recently completed my Master of Data Science degree from Universiti Malaya (UM), Kuala Lumpur, Malaysia, in August 2024, achieving academic distinction with a CGPA of 3.82. I also completed my Bachelor of Science in Computer Science and Engineering from United International University (UIU) in 2019 with a CGPA of 3.71. Over the past three years, I have accumulated valuable experience in the software industry.

Although I have completed my Master of Data Science degree, the official certificate will be issued following the convocation scheduled for December 4, 2024. In the meantime, I have received the Senate letter from Universiti Malaya, which I am providing along with my academic transcript and other relevant documents as requested.

Enclosed please find: CV, Academic Certificates, Academic Transcripts, Passport Size Photo.

I am confident that my academic background and research experience align well with the requirements for this position.

Thank you for considering my application. I hope to hear from you soon.

Yours sincerely,
Nasir Uddin Ahmed
